Opis Play

Thanks to **Opisplay**, which brings all your entertainment venues right into your pocket, it's time to say goodbye to physical cards

Entertainment Centers in Your Pocket

Entertainment centers are just a tap away. It doesn't matter which park or mall you're at. As long as you have OpisPlay, you're ready for fun. Entertainment centers are just a tap away. It doesn't matter which park or mall you're at. As long as you have OpisPlay, you're ready for fun.

Easy Wallet Management

View all your cards and balances on a single screen.

Virtual POS

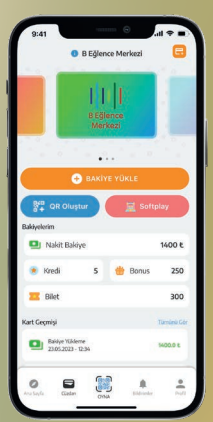

With the ability to make secure online transactions, load funds onto your card and start playing.

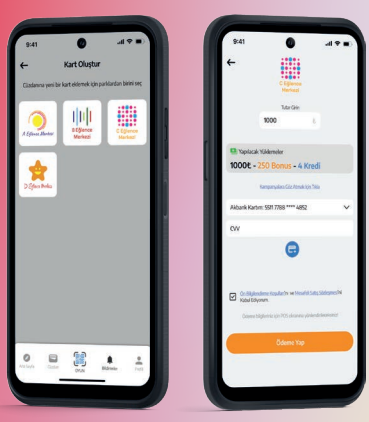

Hundreds of Campaign Offers

View the promotions at our entertainment centers and choose the one you like.

OPIS BOSS

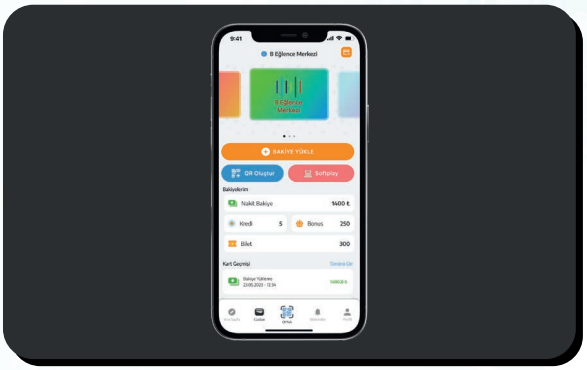

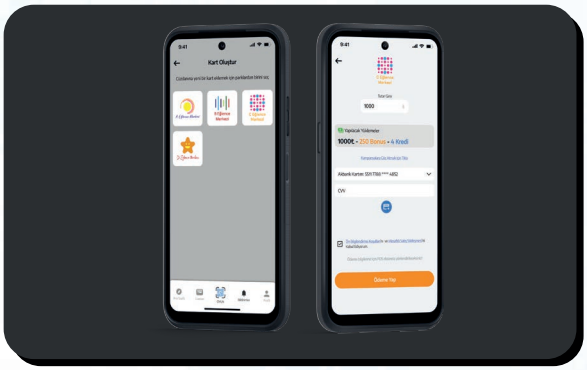

The Smarter Way to Run Your Park

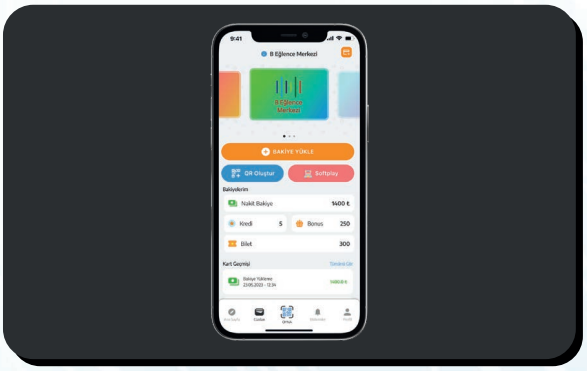

Opis Boss is a comprehensive management solution built for amusement park operators.

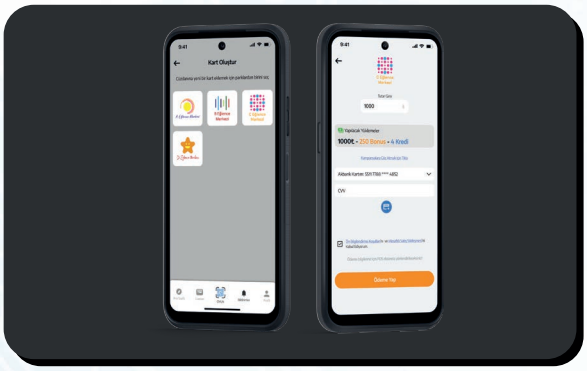

Gain full visibility into your revenue with advanced reporting, enhance operational efficiency, and streamline staff management — all from a single, centralized platform.

With real-time insights and complete control at your fingertips, you can make confident decisions and drive sustainable business growth.

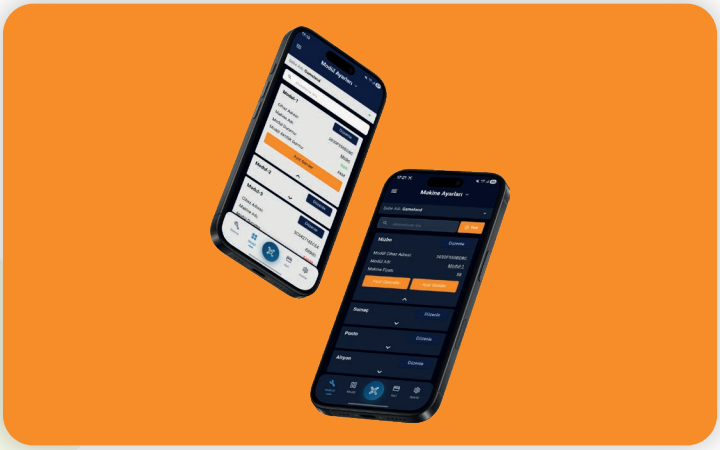

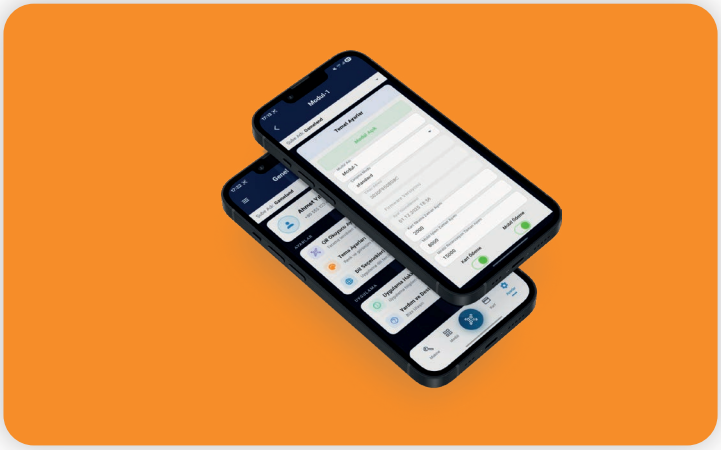

Opis Tech

Your Entire Park in Your Pocket

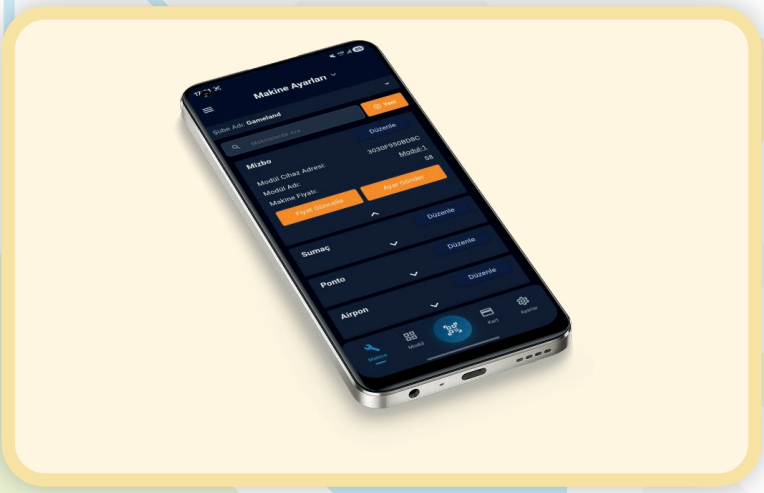

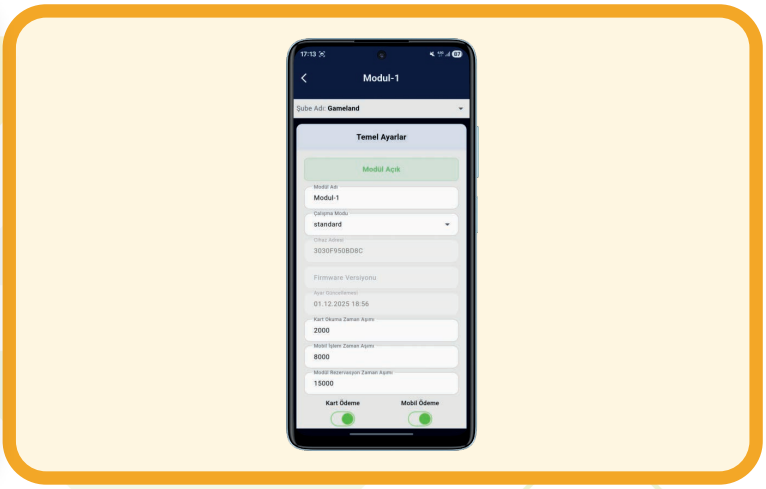

Park management at your fingertips with OPIS Tech.

Monitor all machines and modules in the park from a single screen, spot faulty devices instantly, send new prices to modules within seconds, and keep track of active campaigns.

Designed for park staff and technical teams, it's a tool that speeds up work on the floor.

OPIS Cloud Module

High-Resolution LCD Screen

Automatic E-Ticket

Multi-Language Support

Remote Managemen

NFC Technology

Game Card and QR Code Compatibility

Colorful and Stimulating Lights

With a mesh structure communication

Opis Cloud Module

Whether using a contactless card or a QR code, your customers can easily start a game, receive gift tickets, and check their card balances. With the Opis Cloud Module, your park operates as a single, seamless system.

Park Management

Use the web interface to monitor data for all your parks and branches, manage campaigns, and view your staff rosters.

Self-Service Kiosk

Use the kiosk to easily create new cards, check your balance, and add funds—all through a simple interface.

Opis Mobile

Take parking management, parking tracking, and end-user interaction to the next level with Opis Play, Opis Boss, and Opis Tech.

With this comprehensive system, your parking lots are under your control.

Easy Cash Register Management

All systems on a single screen, featuring an advanced campaign system, separate tracking of cash and gift balances, installment payment options, a softplay module, a product sales module, and a redemption module.
